

G.A.I.C.

April 19, 2006

Attendees: *Gwen Thorpe, Rita Cox, Michelle Zuhlke, Diane Gonzolas, Shannon Ideus, Terry Lowe, and Doug Thomas*

Approval Of Minutes

There was no quorum, therefore, March minutes were held over until next month for approval. Those in attendance had no corrections to the minutes as distributed.

Statistics

NT Server

Over all Web site hits significantly increased for the month of March, with an all time high of nearly 13.5 million hits. The largest increase this month came from the Public Works Web Cams with 1,781,281 total NT hits recorded, which was a jump by 397.35%. There is something a skewed about those numbers. Parks and Recreation, Information Services, Personnel, Emergency Services, County Safety and Training, and Veteran's Services also had significant increases in March. Out of a total of 45 City, County, and Joint departmental sites, 34 were up more than 25% in NT server hits. The largest decrease this month was the Elections Commission with 31.32% less hits, totaling 14,105. Each of the twelve surrounding townships were up in excess of 20%, with an average total increase of nearly 33% and 11,701 NT hits.

Mainframe

The Multiprise Web hits totaled nearly 1.7 million, which was an increase of more than 185,000 from the prior month. The County Treasurer, County Attorney's, Animal Control, and Water all had all time highs in March.

IMS/Images

The Server total had increased more than 140,000 hits in March, with both the Assessor Photos and Other IMS Functions having all time highs, together totaling 1,410,300 hits.

CJIS

CJIS site hits climbed to another all time high reaching nearly 785,000 hits, which was an increase of more than 103,000 from last month. In the month of March, Accident Reports had a total of 41,826 hits and Criminal Histories had an all time high of 4,320 hits.

Contractor Hits

Contractor page hits had increased by nearly 4,500, to a total of 25, 811 hits.

User Sessions

The month of March saw another all time high of almost 957,000 user sessions, which was an increase of more than 360,000 from the prior months figures. Again, this seems like an unreasonable increase. Unique users exceeded 280,000 and the number of users

who visited more than once totaled nearly 86,000.

ePayments

Individual Verisign Activity

March was a huge month bringing in \$73,000 in collections from a total of nearly 3,000 transactions. Animal Control more than doubled from last month with a total of 89 license renewals. The number of parking ticket payments dropped slightly to a total of 536 totaling \$10,150 in collections. Criminal History Reports were back up for the month with a total of 674 being delivered. Event Parking more than doubled to a count of 106 total transactions. Water/Sewer received almost \$53,000 for a total of 694 payments which were paid on line in March.

Epos Activity - County Property Tax

County Property had an all time high with 308 transactions totaling nearly \$521,000 in paid taxes.

Verisign Summary Activity

Total collections in March for the City were right at \$73,000 and the County's collections totaled nearly \$521,000 with a combined total of a little over 2,400 payment transactions.

New Applications Updates

Parks and Recreation:

Swimming Pools

Swimming pool passes should be available this week. They are being introduced with the "Big Splash" announcement.

Various Other Reservations

Shelter rentals, before and after school recreation programs, and Golf Course reservation applications will be put on hold until the next fiscal year due to funding.

StarTran:

Monthly Bus Passes

Bus passes will be offered at an average price of \$35.00 per month. We are in the process of agreeing on a reasonable fee to be charged.

Olsson Associates:

Antelope Valley Bus Tours

Olsson Associates will again this year, be offering the Antelope Valley Bus Tours and would like people to be able to sign up on line.

Web Assistant Training Update

Training is set to start the first of May. Prior to the training, we would like to finalize the budget process, the swimming pool passes, and the charging of the (12) new trees for the street PSOs. We only have the six machines in our training room, so we may need to double up to get everyone through training. We may also try to condense the training

program to half days.

Mayor's Town Hall

The Mayor's Town Hall was held April 11th at the Cornhusker Marriott. Departments of the City were present with displays and handouts. The Mayor hosted a question-and-answer session between the citizens and City officials. It was estimated that 60 citizens had signed up for the event.

Other Business

Floating Participants

Need to be appointed.

Next Meeting
